More about My English Friends

My English Friends offers mature adults total immersion in the English way of life. You stay with friendly people in a safe home, living with an experienced teacher. You meet English friends, speak English all day and enjoy a variety of activities.

Your private lessons

Your teacher focuses on your specific needs. Fluency is improved by practising four skills: listening, speaking, reading and writing. You can read interesting articles, discuss different subjects and learn new vocabulary. You may also listen to CDs, the radio and watch television for comprehension practice. You can revise old grammar and learn new grammar and have your bad habits corrected as you speak.

Why Brighton?

Brighton is the most popular seaside town in England! The beach is lined with cafes and shops, and the town is famous for its historic architecture, lively atmosphere and surrounding beautiful countryside.

Go to www.visitbrighton.com for more information.

Your visit to London

London is only 45 minutes by train from Brighton. You visit London on Sunday with a qualified guide for a tour of the places of interest. For lunch there's a picnic in the park or a typical pub; the afternoon can include culture and maybe some shopping!

Where will you stay?

You stay in a comfortable home with a private bedroom. Your host is also your teacher, experienced in both teaching and welcoming visitors from abroad. You are part of the family, and join us visiting friends, going to the cinema, walking in the country or on the beach.
